

Degree Works What If

What If Feature

The What If feature allows you to see how your coursework can be used towards a different major, an added minor, or a different degree than appears on your current worksheet.

Step 1: Choose the "What If" feature on the left of the page.

Step 2: Select the "Academic Year" you entered NEC.

Step 3: Use the drop down menus to select the degree, program, major, and minor (if applicable)

Step 4: "Process What-If"

Note:

- This will remove the requirement blocks for your current major and apply the requirement blocks for the selected major.
- This is not a permanent swap. To return to your current audit, click on the "Worksheets" tab.
- If you would like to change your major, please see your academic advisor or visit the Registrar's Office.
